DIGITAL MARKETING STRATEGY

Campaign Title: Learn Digital Skills Build Your Future

Campaign Duration: 7 Days

Primary Objectives:

- Increase Brand Awareness
- Increase Course Enrollments

1.Campaign Overview:

The Learn Digital Skills. Build Your Future campaign is a seven-day digital marketing campaign designed to increase brand awareness and drive course enrollments.

The campaign targets university students, fresh graduates, job seekers, beginners, career switchers, and parents who are interested in developing practical digital skills.

A multi-channel digital marketing approach will be used across Instagram, Facebook, LinkedIn, YouTube, TikTok, and WhatsApp. Each channel will have a specific purpose based on its audience and content format.

The campaign will not focus on direct enrollment from the beginning. Instead, it will gradually move the audience through the following marketing funnel:

Awareness → Interest → Consideration → Conversion

The first stage will introduce the brand and create awareness. The second stage will engage the audience and identify their interests. The third stage will educate the audience and communicate the value of digital skills and courses. The final stage will encourage interested users to register and enroll.

2. Campaign Objectives:

2.1 Objective 1: Increase Brand Awareness

The first objective is to increase awareness of the brand among students, graduates, beginners, and job seekers.

The campaign will use short-form videos, educational content, carousels, interactive posts, and informative content to introduce the brand and its digital learning opportunities.

Key Performance Indicators (KPIs):

- Reach
- Impressions
- Video views
- Profile visits
- Follower growth
- Shares
- Saves
- Engagement rate

Desired Audience Journey:

See the Brand → View Content → Engage → Follow → Visit Profile

2.2 Objective 2: Increase Course Enrollments:

The second objective is to convert interested audiences into course inquiries, registrations, and enrollments.

The campaign will explain course value, provide useful information, answer common questions, and make the enrollment process clear and simple.

Key Performance Indicators (KPIs):

- Website clicks
- Course page visits
- Link clicks
- Direct messages
- WhatsApp inquiries
- Registration starts
- Completed registrations
- Course enrollments

Desired Audience Journey:

Learn → Become Interested → Explore Course → Ask Questions → Register → Enroll

3. Target Audience Segmentation:

Different audience groups have different needs. Therefore, the campaign will use different messages and content formats for each segment.

Audience Segment	Main Need	Audience Targeted	Main Channels
University Students	Practical skills alongside their degree	Short Reels, career tips, skill comparisons, polls and beginner content	Instagram, TikTok, YouTube
Fresh Graduates	Job-ready skills and career direction	Career-focused posts, course benefits, professional content and learner information	LinkedIn, Instagram, Facebook, Indeed
Job Seekers	Improve employability and practical skills	Career guidance, educational videos, skill development content and course information	LinkedIn, Facebook, YouTube
IT Beginners	Understand where and how to start	Simple educational content, beginner guides, skill explainers and FAQs	Instagram, YouTube, LinkedIn
Career Switchers	Develop skills for a new career path	Career guidance, skill comparisons, learning roadmaps and course information	LinkedIn, YouTube

4. Digital Channel Strategy:

4.1 Instagram:

Target Audience:

University students, beginners, fresh graduates, and young job seekers.

Content Formats:

- Reels
- Carousels
- Stories
- Polls
- Q&A
- Short educational videos

Marketing Purpose:

Instagram will be primarily used for brand awareness and audience engagement. Visual and short-form content will help attract younger audiences and encourage interaction.

Expected Response:

- Reel views
- Shares
- Saves
- Story interactions
- Profile visits
- Followers

4.2 Facebook:

Target Audience:

Students, graduates, job seekers, parents, and general learners.

Content Formats:

- Educational posts
- Videos
- Carousels
- Course announcements
- FAQs
- Informational posts

Marketing Purpose:

Facebook will be used to achieve broader reach, build trust, provide course information, and generate inquiries.

Expected Response:

- Post engagement
- Shares
- Comments
- Messages
- Course inquiries
- Link clicks

4.3 LinkedIn:

Target Audience:

Fresh graduates, job seekers, professionals, and career switchers.

Content Formats:

- Career-focused posts
- Industry insights
- Skill development content
- Course announcements
- Learner stories
- Professional educational content

Marketing Purpose:

LinkedIn will be used to build professional credibility and reach audiences interested in career development and job-ready skills.

Expected Response:

- Professional engagement
- Comments
- Shares
- Profile visits
- Course inquiries
- Qualified leads

4.4 YouTube:

Target Audience:

Students, beginners, fresh graduates, and users actively searching for educational information.

Content Formats:

- Educational videos
- Tutorials
- Beginner guides
- Course explainers
- YouTube Shorts

Marketing Purpose:

YouTube will provide detailed educational content to build credibility and move audiences from awareness toward course consideration.

Expected Response:

- Video views
- Watch time
- Subscribers
- Course page visits
- Link clicks
- Course inquiries

4.5 TikTok:

Target Audience:

Younger students, beginners, and users interested in short-form educational content.

Content Formats:

- Short educational videos
- Quick digital skill tips
- Career tips
- Skill comparisons
- Beginner advice

Marketing Purpose:

TikTok will be used to reach new audiences and increase brand visibility through short, engaging, and shareable content.

Expected Response:

- Video views
- Shares
- Comments
- Followers
- Profile visits

4.6 WhatsApp:

Target Audience:

Interested and warm audiences who need additional information before enrollment.

Content Formats:

- Course details
- Registration information
- FAQs
- Enrollment reminders
- Direct support

Marketing Purpose:

WhatsApp will mainly support the conversion stage by allowing interested users to communicate directly with the brand and receive enrollment assistance.

Expected Response:

- Direct inquiries
- Course questions
- Registration requests

- Enrollment confirmations

5. Content Strategy:

Content Pillars	Purpose	Example
Awareness Content	Introduce the brand and its learning opportunities	Announcement posts, introductory Reels, awareness carousels
Educational Content	Provide useful information about digital skills	Tutorials, beginner guides, skill explainers
Engagement Content	Encourage audience interaction	Polls, questions, quizzes, Q&A
Consideration Content	Communicate course value and learning benefits	Course benefits, learning outcomes, FAQs
Conversion Content	Encourage registration and enrollment	Enrollment guides, registration information, reminders

6. Seven Days Content Calendar:

DAY 1 Brand Introduction:

Content Type:

Announcement Post + Short Reel

Content Theme:

“Learn Digital Skills. Build Your Future.”

Content Concept:

The campaign will begin with an announcement introducing the brand and explaining the importance of developing practical digital skills.

The content can introduce the digital learning areas currently offered by the organization, such as:

- Cybersecurity
- Data Analytics
- Digital Marketing
- Web Development
- Graphic Designing
- AI and Productivity Tools

Note:

Only courses actually offered by the organization should be included.

Platforms:

Instagram, Facebook, LinkedIn, TikTok, YouTube Shorts

Target Audience:

University students, fresh graduates, and beginners.

Objective:

Brand Awareness

CTA:

“Follow us to discover which digital skill could be the right starting point for your career.”

Reason:

The first day creates the initial connection between the audience and the brand. The campaign focuses on introducing the brand rather than immediately asking users to enroll.

Expected Response:

- Increased reach
- Impressions
- Video views
- Profile visits
- New followers
- Initial engagement

Funnel Stage:

- Awareness

DAY 2 Digital Skill Awareness:

Content Type:

Carousel

Content Theme:

“Which Digital Skill Is Right for You?”

Content Concept:

Slide 1:

Which Digital Skill Is Right for You?

Slide 2:

Interested in protecting systems and networks?
Explore Cybersecurity.

Slide 3:

Enjoy working with numbers and insights?
Explore Data Analytics.

Slide 4:

Interested in online growth and social media?
Explore Digital Marketing.

Slide 5:

Interested in creating websites?
Explore Web Development.

Slide 6:

Creative and interested in visual content?
Explore Graphic Designing.

Slide 7:

Interested in emerging technology?
Explore AI and Productivity Tools.

Slide 8:

The right skill can be the first step toward your career goals.

Platforms:

Instagram, Facebook, LinkedIn

Target Audience:

Students, beginners, and fresh graduates.

Objective:

Brand Awareness + Engagement

CTA:

“Save this post and share it with someone choosing a digital skill.”

Reason:

The carousel provides useful information while introducing different digital skills. Saves and shares can also help increase organic reach.

Expected Response:

- Saves
- Shares
- Comments
- Profile visits
- Engagement

Funnel Stage:

➤ Awareness

Interest

DAY 3 Audience Engagement:**Content Type:**

Reel + Instagram Story Poll + LinkedIn Question

Content Theme:

“If You Could Learn One Digital Skill, Which Would You Choose?”

Content Concept:

The Reel will ask:

“You can choose one digital skill to learn. Which one would you pick?”

Options:

Cybersecurity | Data Analytics | Digital Marketing | Web Development

Instagram Story Poll:

“Which digital skill interests you the most?”

LinkedIn Question:

“Which digital skill do you think students should develop before entering the job market?”

Platforms:

Instagram, Facebook, LinkedIn, TikTok

Target Audience:

Students, beginners, and job seekers.

Objective:

Brand Awareness + Engagement

CTA:

“Vote and tell us which skill you want to learn.”

Reason:

Interactive content encourages participation and helps the brand understand which digital skills are most relevant to its audience.

Expected Response:

- Poll responses
- Comments
- Story interactions
- Shares

- Profile visits

Funnel Stage:

- Interest

DAY 4 Educational Awareness:

Content Type:

YouTube Educational Video + Short-Form Clips

Content Theme:

“How Digital Skills Can Make You More Career-Ready”

Video Structure:

Introduction:

Why practical digital skills are important.

Part 1:

The importance of combining academic knowledge with practical skills.

Part 2:

Introduction to different digital skill areas.

Part 3:

How beginners can start learning.

Part 4:

The importance of practice and hands-on learning.

Part 5:

Introduction to relevant learning opportunities offered by the organization.

Short Video:

“3 Digital Skills Beginners Can Start Learning Today”

Platforms:

YouTube, Facebook, LinkedIn, Instagram

Target Audience:

Fresh graduates, job seekers, and beginners.

Objective:

Brand Awareness + Course Consideration

CTA:

“Explore our available learning opportunities and choose the skill that matches your career goals.”

Reason:

Educational content provides value and builds credibility. It also moves the audience from general awareness toward interest in the available learning opportunities.

Expected Response:

- Video views
- Watch time
- Subscribers
- Course page visits
- Link clicks
- Course inquiries

Funnel Stage:

- Consideration

DAY 5 Course Value:**Content Type:**

Carousel + Reel

Content Theme:

“What Can Learning a Digital Skill Add to Your Career?”

Content Concept:

Slide 1:

What can one digital skill add to your career journey?

Slide 2:

Build practical knowledge.

Slide 3:

Develop hands-on skills.

Slide 4:

Practice through real learning activities.

Slide 5:

Strengthen your CV and portfolio.

Slide 6:

Improve your confidence when applying for opportunities.

Slide 7:

Choose the skill that matches your career goals.

Platforms:

Instagram, Facebook, LinkedIn

Target Audience:

Fresh graduates, job seekers, career switchers, and audiences who have already interacted with the campaign.

Objective:

Course Consideration & Enrollment Interest

CTA:

“Explore the relevant course and learn how to get started.”

Reason:

After several days of awareness and educational content, the audience needs to understand the practical value of developing a digital skill.

Expected Response:

- Saves
- Shares
- Profile visits
- Course page visits
- Direct messages
- Course inquiries

Funnel Stage:

- Consideration

DAY 6 Enrollment Guide:

Content Type:

Reel + Carousel + WhatsApp Information

Content Theme:

“How to Enroll in 3 Simple Steps”

Content Concept:

Step 1 Choose

Select the digital skill or course that matches your interests and career goals.

Step 2 Register

Complete the required registration information.

Step 3 Start Learning

Follow the provided learning process and begin developing your skills.

Platforms:

Instagram, Facebook, LinkedIn, WhatsApp

Target Audience:

Users who have interacted with the campaign during Days 1–5.

Objective:

Increase Course Enrollments

CTA:

“Ready to start? Register now or contact us for guidance.”

Reason:

The audience has already received awareness and educational content. This content now makes the next step clear and reduces uncertainty about the registration process.

Expected Response:

- Link clicks
- Direct messages
- WhatsApp inquiries
- Registration starts
- Course inquiries

Funnel Stage:

- Conversion

DAY 7 Final Enrollment Push:

Content Type:

FAQ Reel + Announcement + Instagram Stories + WhatsApp Reminder

Content Theme:

“Ready to Start Your Digital Skills Journey?”

FAQ Content:

Who can join?

Mention the actual eligibility criteria.

Can beginners apply?

Mention the actual course requirements.

Which courses are available?

List the courses currently offered.

How can I register?

Clearly explain the registration process.

Where can I get help?

Provide the official website, social media DM, or WhatsApp contact option.

Instagram Stories:**Story 1:**

“Have you chosen your digital skill?”

Story 2:

“Still confused?”

Story 3:

Show available courses.

Story 4:

“Need help choosing?”

Story 5:

Registration CTA.

Platforms:

Instagram, Facebook, LinkedIn, YouTube Shorts, WhatsApp

Target Audience:

Warm and highly interested audiences.

Objective:

Increase Course Enrollments

CTA:

“Choose your skill. Start learning. Take the first step toward your career goals.”

Reason:

The final day focuses on converting users who have already interacted with the campaign. FAQs address common concerns and the final CTA encourages users to take action.

Expected Response:

- Direct messages
- Link clicks
- Course inquiries
- Registration starts
- Completed registrations
- Enrollments

Funnel Stage:

- Conversion

7. Campaign Funnel Strategy:

Funnel Stage	Days	Purpose	Content Used	Expected Response
Awareness	1 & 2	Introduce the brand and digital skills	Announcement, Reel, Carousel	Reach, impressions, views, followers
Interest	3	Engage the audience and identify interests	Polls, questions, interactive Reels	Votes, comments, shares, profile visits
Consideration	4 & 5	Educate the audience and communicate course value	YouTube video, educational content, course-value carousel	Watch time, clicks, DMs, inquiries
Conversion	6 & 7	Encourage registration and enrollment	Enrollment guide, FAQs, reminders	Registrations, inquiries, enrollments

Customer Journey:

Brand Awareness

Audience Engagement

Skill Awareness

Course Consideration

Course Inquiry

Registration

Enrollment

8. Expected Results and KPIs:

The campaign will be evaluated using measurable performance indicators at each stage.

Brand Awareness:

- Reach
- Impressions
- Video views
- Profile visits
- Follower growth

Engagement:

- Likes
- Comments
- Shares
- Saves
- Poll responses
- Story interactions

Consideration:

- Website visits
- Course page visits
- Link clicks
- Direct messages
- Course inquiries

Enrollment:

- Registration clicks
- Registration starts
- Completed registrations
- Course enrollments

9. Overall Channel Contribution:

Channel	Primary Role	Main Content	Expected Response
Instagram	Awareness + Engagement	Reels, Carousels, Stories, Polls	Views, saves, shares, profile visits
Facebook	Reach + Trust	Educational posts, videos, announcements	Engagement, shares, inquiries
LinkedIn	Professional Awareness + Leads	Career posts, industry insights, course information	Professional engagement, profile visits, leads
YouTube	Education + Consideration	Tutorials, educational videos, Shorts	Views, watch time, course interest
TikTok	New Audience Reach	Short educational videos, career tips	Views, shares, followers
WhatsApp	Conversion + Support	Course details, FAQs, reminders	Inquiries, registrations, enrollments

11. Final Campaign Strategy:

The “Learn Digital Skills. Build Your Future” campaign uses a multi-channel, audience-focused, and full-funnel digital marketing strategy.

The strategy will:

- Introduce the brand to new audiences.
- Increase awareness of digital learning opportunities.
- Target different audience segments according to their needs.
- Use all major digital channels with clearly defined purposes.
- Educate students, graduates, beginners, and job seekers.
- Encourage audience interaction through polls, questions, and engaging content.
- Build credibility through educational content.
- Communicate the practical value of digital skills.
- Provide clear course and registration information.
- Use WhatsApp and direct communication to support interested users.
- Convert interested audiences into registrations and enrollments.

Final 7-Day Flow:

Day 1	Introduce the Brand
Day 2	Create Skill Awareness
Day 3	Engage the Audience
Day 4	Educate and Build Interest
Day 5	Communicate Course Value
Day 6	Make Enrollment Easy
Day 7	Convert Interested Audience

Campaign Message:

“Learn Digital Skills. Build Your Future”

This strategy ensures that every target audience, digital channel, content type, campaign day, CTA, expected response, and funnel stage is connected to the two primary objectives of the campaign:

- Increase Brand Awareness
- Increase Course Enrollments

Conclusion:

This digital marketing strategy provides a structured 7-day plan to increase brand awareness and course enrollments through multiple digital channels. By targeting different audience segments with relevant content, the campaign connects the right audience with the right message at each stage of the customer journey.

The strategy uses Instagram, Facebook, LinkedIn, YouTube, TikTok, and WhatsApp for different purposes, including awareness, engagement, education, consideration, and conversion. The 7-day content calendar gradually moves the audience from discovering the brand to engaging with its content, considering available learning opportunities, and finally taking action through inquiries or enrollment.

Overall, the campaign follows a clear funnel approach:

Awareness → Interest → Consideration → Conversion.

This ensures that the campaign remains focused on its two main goals:

Building brand awareness & Increasing course enrollments.
